

Master's Court

The Masters Court is the original entrance courtyard to the Tudor mansion, a perfect space to host welcome drinks, setting the scene for your memorable event.

There is carefully maintained lawn with central lamppost, surrounded by a stone flagged pathway. Look up at the splendid windows of the Great Hall, with their stained glass, as well as the gold-encrusted Charles I's crest, and Sutton sundial. In the evening this courtyard glows with light from the various windows, with lit candles in lanterns adding to the special atmosphere.
